CONFERENCES & EVENTS

Welcome Message

Dear Colleagues & Industry Partners,

The Spinal Cord Society of India cordially invites you to partner with us for its **26th Annual Conference – International Spine and Spinal Injuries Conference (ISSICON 2026)**, being organised in collaboration with the **AO Spine Knowledge Forum Spinal Cord Injury (AO KF SCI)** from **20th to 22nd November 2026 at Hotel Le Meridien, New Delhi.**

ISSICON is India's premier scientific meeting dedicated exclusively to spinal cord injury and spinal cord dysfunction, bringing together leading national and international experts in spine surgery, orthopedic surgery, neurosurgery, rehabilitation, research, nursing, and allied healthcare.

The theme of ISSICON 2026 is:

"Spine and Spinal Cord Injury Horizons 2026: Global Innovation, Integration & Excellence."

Globally, the epidemiology of spinal cord injury is rapidly evolving, with a growing burden of non-traumatic spinal cord dysfunction due to degenerative, infective, neoplastic, vascular, inflammatory, and metabolic disorders—particularly in ageing populations. At the same time, advances in neuromodulation, rehabilitation technology, regenerative science, and translational research are transforming the future of spinal cord care. These developments demand stronger focus on early diagnosis, evidence-based intervention, multidisciplinary rehabilitation, and long-term functional outcome optimisation.

ISSICON 2026 will serve as a high-impact academic and professional platform for the exchange of knowledge, dissemination of best practices, and meaningful interdisciplinary collaboration. With the distinguished participation of the AO Spine Knowledge Forum Spinal Cord Injury faculty, the scientific program is expected to be exceptionally rich, globally relevant, and practice-changing. It will feature a high-impact scientific program comprising keynote lectures, panel discussions, workshops, and research presentations led by distinguished global and national faculty. A special emphasis will be placed on research, innovation, and young investigators, with awards and recognition for outstanding scientific work and impactful innovations.

ISSICON 2026 is expected to attract a large gathering of clinicians, surgeons, rehabilitation specialists, researchers, and healthcare professionals from across India and abroad—making it an ideal platform for industry partners to engage with key stakeholders and showcase innovations in spinal and spinal cord care.

ISSICON 2026 offers a unique opportunity for industry partners to engage with key decision-makers, thought leaders, and practitioners in the field of spinal cord injury care. The various options, including participation in **अभ्यास कार्यशाला** (Hands-on Workshop), holding symposiums, etc. are mentioned subsequently in this brochure.

We warmly invite your organisation to support and partner with ISSICON 2026 and contribute towards advancing spinal cord injury care through shared knowledge, innovation, and collective commitment.

With warm regards,
Organising Committee
ISSICON 2026

Patrons

Dr. A. K. Mukherjee

Mr. Raj Kumar Gupta

Dr. Deepika Singhal

Advisory Committee

Dr. Sanjeev Gupta

Dr. Sunil Sumbli

Dr. Meenakshi Mittal

Ms. Nisha Lingwal

Bharat Dave

Dr. Chitra Kataria

Dr. Dilip Kumar Sinha

Dr. Gaurav Sachdeva

Dr. Komal Kamra

Advisory Committee

Dr. Mrinal Joshi
